

Figure 1 consists of 12 histograms arranged horizontally, labeled x_0 through x_{11} . Each histogram shows the frequency of values for x_k ranging from 0 to 10. The y-axis for each histogram is labeled 'count' and ranges from 0 to 10. The distributions are roughly bell-shaped and centered around 5, with the peak count increasing from 10 at x_0 to 12 at x_{11} .
